

FINAL TERMS

Final Terms dated 15 December 2020

**BROKERCREDITSERVICE STRUCTURED
PRODUCTS PLC**

*(incorporated in The Republic of Cyprus)
(as Issuer)*

Issue of Series 2020-38 USD 6,000,000 Pegasus Share and Credit Linked Notes due January 2026

(the “Notes”)

under the EUR 20,000,000,000 Euro Medium Term Note Programme

(the “Programme”)

Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or the Dealer to publish a prospectus pursuant to Article 3 of the Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”) or to supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer.

Neither the Issuer nor the Dealer has authorised, nor do they otherwise, the making of any offer of Notes in any other circumstances.

MiFID II product governance / Retail investors, professional investors and ECPs target market – Solely for the purposes of the manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients each as defined in Directive 2014/65/EU (as amended, “**MiFID II**”); (ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate - investment advice, portfolio management, non-advised sales and pure execution services - subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable.

PART A - CONTRACTUAL TERMS

Terms used but not otherwise defined herein shall be deemed to be defined as such for the purposes of the Conditions (the “**Conditions**”) set forth under the sections entitled “*Terms and Conditions of the Notes*”, “*Annex 3 – Additional Terms and Conditions for Share Linked Notes*” (the “**Share Linked Conditions**”) and “*Annex 6 – Additional Terms and Conditions for Credit Linked Notes*” (the “**Credit Linked Conditions**”) in the Base Prospectus dated 20 December 2019 and the Supplements to the Base Prospectus dated 10 June 2020 and 13 October 2020, respectively which together constitute a base prospectus (the “**Base Prospectus**”) for the purposes of the Prospectus Regulation. This document constitutes the Final Terms of the Notes described herein for the purposes of the Prospectus Regulation, and must be read in conjunction with the Base Prospectus.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus and these Final Terms (in each case, together with any documents incorporated therein by reference) are available for viewing at, and copies may be obtained from Citibank, N.A., London Branch (in its capacity as Fiscal Agent).

The Base Prospectus and these Final Terms will also be available on the Euronext Dublin website (www.ise.ie). A copy of these Final Terms and the Base Prospectus will be sent free of charge by the Issuer to any investor requesting such documents. A summary of the Notes is annexed to these Final Terms.

The Issuer was incorporated in the Republic of Cyprus as a limited liability company under the Cyprus Companies Law, Cap. 113. The Issuer was converted to a public limited company under section 31 of the Cyprus Companies Law on 14 May 2015. The Issuer’s registered office is at Agia Zoni Street, 12, AGIA ZONI CENTER, Flat/Office 103, 3027 Limassol, Cyprus. Its LEI is 213800W4XQFCUX7HFM81.

Principal activities:

The Issuer is a special purpose vehicle which acts as an investment and financing company for the Group (being FG BCS Ltd. together with its consolidated subsidiaries, the “Group”) and issues Notes under the Programme.

of the Issuer's investment and trading books which may adversely affect the Issuer's financial position, including reducing its revenue which, in turn, could prevent the Issuer from fulfilling its payment obligations under the Notes.

Liquidity risk

The Issuer is subject to liquidity risk, being the risk that a lack of funding prevents the Issuer from being able to finance its activities (i.e. to ensure the growth of its assets or perform its obligations as they fall due). The Issuer is subject to the following types of liquidity risk:

- i. physical liquidity risk, being the risk of default by the Issuer on its liabilities to counterparties in any currency because of a shortage of cash or non-cash funds; and
- ii. structural liquidity risk (i.e. concentration risk), being the risk of a significant deterioration of the Issuer's physical or regulatory liquidity due to an imbalance in the Issuer's asset and liability structure, which arises from a mismatch between the maturity of the Issuer's assets and liabilities. Although an unmatched position potentially enhances profitability, it can also increase the risk of losses for the Issuer.

If the Issuer is unable to finance its activities due to a lack of liquidity, this could lead creditors to form a negative view of Issuer's liquidity. This could result in higher borrowing costs and decreased access to various funding sources for the Issuer, which, in turn, could have an adverse effect on the Issuer's business, results of operations, financial position or prospects.

Insolvency risks under Cypriot law

The insolvency proceedings to which the Issuer could be subject to in Cyprus are (i) receivership, (ii) administration and (iii) winding up (a) by the court, (b) voluntarily by its shareholders or creditors or (c) subject to the supervision of the court. As the Notes are unsecured obligations, in the event of the insolvency of the Issuer, Noteholders would be unsecured creditors of the Issuer (and each Noteholder would rank *pari passu* with each other) and, depending on the size of the insolvency proceeds recovered following such insolvency, each Noteholder may receive less than it would have expected to receive under the Notes (and this may be less than its initial investment).

Risk factor relating to the ultimate shareholder of the Issuer

The ultimate shareholder owning and controlling the Issuer is Oleg Mikhasenko, who is the sole ultimate beneficial owner of the Group. The Issuer does not have any specific measures in place to ensure that this position of control is not abused. If such position of control is abused, this could have a material adverse effect on the Issuer's financial condition, results of operations and future prospects which may, in turn, result in the Issuer being unable to fulfil its obligation to Noteholders under the Notes.

Risks factors relating to the Russian Federation

Economic, political and legal uncertainty in Russia could have a material adverse effect on the Issuer. A significant proportion (roughly 20 per cent.) of the Issuer's revenue is derived from Russian investors and, as such, a large number of the Issuer's counterparties are based in Russia. Instability in Russia (as further described in more detail in the risk factors below) could seriously impact Russian counterparties' ability to invest which could lead to a reduction in the Issuer's revenue. Any such reduction in revenue could potentially affect the Issuer's ability to make payments to Noteholders under the Notes in part or in full.

KEY INFORMATION ON THE NOTES

What are the main features of the Notes?

Type, class and ISIN:

The Notes are Share and Credit linked Notes issued as Series number 2020-38, Tranche number 1. The Notes are issued in registered form and have the following ISIN Code: XS2274224919.

The Notes are linked to both:

- (1) a basket of the following underlying Shares (each a "**Share**" and together the "**Shares**"):
 - (i) the Class A common stock of Okta Inc. (*Bloomberg Code: OKTA US Equity; ISIN: US6792951054*);
 - (ii) the common stock of Tyson Foods Inc. (*Bloomberg: TSN US Equity; ISIN: US9024941034*);
 - (iii) the American depositary shares of Weibo Corp. (*Bloomberg Code: WB US Equity; ISIN: US9485961018*);
 - (iv) the American depositary shares of NetEase Inc. (*Bloomberg Code NTES US Equity; ISIN: US64110W1027*); and
 - (v) the common stock of Gilead Sciences Inc. (*Bloomberg Code: GILD US Equity; ISIN: US3755581036*).
- (2) the creditworthiness of the following reference entities (each a "**Reference Entity**" and together the "**Reference Entities**"):
 - (i) Intrum AB. **Address:** Hesselmanns torg 14, Stockholm, 105 24 Sweden; **Country of Incorporation:** Sweden; **Nature of Business:** Financial, Specialty Finance; **Name of the Market on which it has securities traded:** XDUB, XDUS, XFRA, XMUN, XSWX, XSTU.
 - (ii) Nordstrom Inc **Address:** 1617 6th Avenue Seattle, WA 98101 United States; **Country of Incorporation:** United States; **Nature of Business:** Consumer Discretionary, Retail - Discretionary ; **Name of the Market on which it has securities traded:** XFRA, XNYS

(iii) Xerox Corporation **Address:** 201 Merritt 7 Norwalk, CT 06851 United States; **Country of Incorporation:** United States; **Nature of Business:** Hardware, Office Electronics; **Name of the Market on which it has securities traded:** All German SE, ETLX, XNYS

(iv) INEOS Group Holdings S.A. **Address:** 58 Rue Charles Martel , L - 2134 Luxembourg; **Country of Incorporation:** Luxembourg; **Nature of Business:** Materials, Chemicals; **Name of the Market on which it has securities traded:** XBER, XDUR, XFRA, XLUX, XMUN, XSTU.

(v) Ford Motor Co **Address:** 1 American Road, Dearborn, MI 48126 United States; **Country of Incorporation:** United States; **Nature of Business:** Automotive; **Name of the Market on which it has securities traded:** XBER, XDUS, ETLX, XFRA, XMUN, XNYS, XSTU.

The “**Reference Obligations**” are each of: (i) 3.50 per cent bonds due July 2026 issued by Intrum AB (*ISIN: XS2034925375*); (ii) 6.95 per cent. bonds due March 2028 issued by Nordstrom Inc. (*ISIN: US655664AH33*); (iii) 4.80 per cent. bonds due March 2035 issued by Xerox Corporation (*ISIN: US984121CL51*); (iv) 5.375 per cent bonds due August 2024 issued by INEOS Group Holdings S.A. (*ISIN: XS1405769990*); and (v) 4.346 per cent bonds due December 2026 issued by Ford Motor Co. (*ISIN: US345370CR99*).

If a credit event occurs respect of a Reference Entity, the Notes will be auction settled notes, provided that if a fallback settlement event occurs, the Notes shall be cash settled. If an event determination date does not occur in respect of a Reference Entity, the Notes shall be cash settled.

Currency, denomination, par value, number of securities issued and duration:

The Notes are denominated in United States Dollars (“**USD**”). The Notes have a maturity date of 27 January 2026 (or if such day is not a business day, the immediately succeeding business day unless it would thereby fall into the next calendar month, in which event it will be brought forward to the immediately preceding business day) (the “**Maturity Date**”). As at the issue date of the Notes, there will be 4,800 Notes of the Series in issue. The Notes have a denomination of USD 1,250 per Note and an aggregate nominal amount of USD 6,000,000.

Rights attached the Securities:

Status of the Notes

The Notes constitute unsubordinated and unsecured obligations of the Issuer. The Notes constitute direct, general and unconditional obligations of the Issuer which rank at least *pari passu* with all other present and future unsecured obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

Events of Default

The terms of the Notes will contain events of default including non- payment, non-performance or non-observance of the Issuer's obligations in respect of the Notes and the insolvency or winding up of the Issuer.

Meetings

The terms of the Notes will contain provisions for calling meetings of holders of such Notes to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Taxation

All payments in respect of Notes will be made free and clear of withholding taxes of the Republic of Cyprus, as the case may be, unless the withholding is required by any law and/or regulation.

Governing law

The Notes, the Fiscal Agency Agreement (as amended or supplemented from time to time) and the Deed of Covenant (as amended or supplemented from time to time) and any non- contractual obligations arising out of or in connection with the Fiscal Agency Agreement and the Deed of Covenant are governed by, and shall be construed in accordance with English law.

Credit and Share Linked Notes

The Notes are linked to the creditworthiness of five Reference Entities and the performance of five underlying Shares. By investing in the product an investor is hoping to receive a return in respect of each Note in the form of (1) a contingent interest amount linked to the performance of the Shares; and (2) a return equal to the Specified Denomination (as defined below) of such Note on the Maturity Date, provided in each case that no credit event has occurred in respect of any one or more of the Reference Entities. If a credit event occurs in respect of any one or more of the Reference Entities, the payments you receive under the product (both in respect of interest amounts and the redemption amount) will be lower and may be zero. The occurrence of a credit event will be determined by a committee established by the International Swaps and Derivatives Association (“**ISDA**”) or by BrokerCreditService (Cyprus) Limited as calculation agent (the “**Calculation Agent**”). Such credit event could include (depending on the Reference Entity) any of the following: Bankruptcy, Failure to Pay, Repudiation/Moratorium, Obligation Acceleration and/or Restructuring.

The Notes may also be subject early redemption or adjustment if certain corporate events occur in respect, if certain events occur with respect to the Issuer's or any of its affiliates' hedging arrangements or if insolvency filings are made with respect to a Share.

Interest

The Notes pay interest determined by reference to the Shares. Interest, if any, will be payable on the relevant Interest Payment Date.

The Notes bear or pay interest on the basis of a “Snowball Digital Coupon Condition” but with a memory effect. Any interest not paid in respect of a period may be paid at a later date if certain conditions are met.

In summary, if the Reference Value of the Worst Performing Share in respect of an interest valuation date is greater than or equal to 65%, Noteholders will receive an interest payment on the immediately following interest payment date equal to (A) the Specified Denomination *multiplied by* (B) (i) in respect of the first Interest Period, 1.00% or (ii) in respect of each subsequent Interest Period, 12.00% *multiplied by* (C) the quotient of (i) the number of calendar days in the relevant Interest Period *divided by* (ii) 365 (or 366 in a leap year), subject to any minor discrepancies due to rounding. Noteholders will also receive on such interest payment date the sum of all unpaid interest amounts in respect of any previous interest payments. However, if the Reference Value of the Worst Performing Share in respect of such interest valuation date is less than 65%, no interest amount is payable on such interest payment date.

Where:

“**Closing Value**” means the value of a Share at the close of trading on the relevant exchange in respect of a given trading day.

“**Initial Value**” means the Closing Value in respect of a Share in respect of the Strike Date.

“**Interest Period**” means each period (and including) an Interest Period End Date (or the Issue Date in the case of the first Interest Period) to (but excluding) the next following Interest Period End Date (or the Maturity Date in the case of the last Interest Period).

“**Interest Period End Date**” means each of (i) the Strike Date; and (ii) each 27 January and 27 July in each calendar year from (and including) 27 July 2021 up to (and including) the Maturity Date, or, if such date is not an exchange business day, the immediately following exchange business day.

“**Interest Payment Date**” means third business day following each Interest Period End Date provided that the Interest Payment Date in respect of the last Interest Period shall be the date falling three (3) business days following the Maturity Date.

“**Reference Value**” means the Closing Value in respect of a Share in respect of a relevant valuation date *divided by* the Initial Value in respect of such Share, expressed as a percentage.

“**Strike Date**” means 27 January 2021.

“**Specified Denomination**” means USD 1,250.

“**Worst Performing Share**” means the Share with the lowest Reference Value in respect of a relevant valuation date.

Early Redemption

The Notes will be redeemed early if a credit event occurs in respect of any one or more of the Reference Entities (see “*Redemption following a credit event*” below). In addition, the Notes may be redeemed early at the option of the Issuer (see “*Call Option*” below) and following an automatic early redemption (see “*Automatic Early Redemption*” below).

The Notes may also be redeemed early for tax reasons at the early redemption amount calculated in accordance with the terms and conditions of the Notes. Furthermore, the Notes may be cancelled or redeemed early if the performance of the Issuer's obligations under the Notes has become illegal or by reason of force majeure or act of state it becomes impossible or impracticable for the Issuer to perform its obligations under the Notes.

The Notes may also be cancelled or redeemed early following the occurrence of certain disruption, adjustment, extraordinary or other events in relation to the underlying Shares.

Call Option

The Issuer has the option to early redeem the Notes on the Strike Date upon 5 business days notice to the Noteholders prior to the Strike Date. Upon such early redemption a Noteholder will receive an amount per Note equal to the Specified Denomination.

Automatic Early Redemption

If the Reference Value in respect of the Worst Performing Share in respect of an Automatic Early Redemption Valuation Date is greater than or equal to 100%, the Notes will be automatically redeemed at par on the Interest Payment Date immediately following such Automatic Early Redemption Valuation Date.

“**Automatic Early Redemption Valuation Date**” means each Interest Period End Date (except for the Interest Period End Date scheduled to fall on the Strike Date and 27 January 2026 (respectively)).

Redemption following a credit event

Auction settlement

If a credit event occurs in respect of any one of the Reference Entities, the Notes will be redeemed on the auction settlement date (being three business days after the date on which the Issuer notifies the Calculation Agent and Noteholders of the auction settlement amount) *provided that* a fallback settlement event has not occurred. On the auction settlement date, a Noteholder will receive per Note an amount equal to the auction settlement amount, being such Note's pro rata share of the greater of (A) zero; and

(B) the product of (1) the aggregate principal amount outstanding of the Notes; *multiplied by* (2) the sum of (i) the auction final price of a selected reference obligation of the defaulted Reference Entity; and (ii) the “performance” of the worst performing Share in the basket in respect of the relevant final valuation date (being the event determination date in respect of the relevant credit event in respect of the defaulted Reference Entity).

The auction final price is determined by reference to a credit derivatives auction sponsored by ISDA. The auction will involve a bidding process by institutions participating in the relevant auction pursuant to a bidding procedure set by ISDA, to establish the value of certain eligible obligations of the reference entity which may include bonds, loans and guarantees. The outcome of any auction is likely to reflect the prevailing price of the cheapest relevant obligations of the relevant reference entity. Following a credit event, the auction final price of the relevant reference obligation, being a reference obligation of a defaulted relevant reference entity, is very likely to be less than 100%.

In addition, the worst performing Share in respect of the relevant final valuation date is the Share with the worst “performance”. The “performance” of each Share is calculated in respect of the Closing Value of such Share as of the relevant final valuation date and the Closing Value of such Share as of the Strike Date. The Share in the basket with the lowest “performance” will be the worst performing Share for the calculation of the auction settlement amount (or, if applicable, the cash settlement amount (described in more detail below)). If the “performance” of the worst performing Share is positive (i.e. the Closing Value of such Share in respect of the relevant final valuation date is greater than its Closing Value as of the Strike Date), this will be added to the auction final price. However, if the Closing Value of such worst performing Share in respect of the relevant final valuation date is less than its Closing Value as of the Strike Date, then its “performance” will be negative and an amount equal to such “performance” be deducted from the auction final price, meaning that the auction settlement amount under the Notes would be less than under a more conventional credit linked note.

Therefore, following auction settlement, a Noteholder is likely to suffer a loss of a substantial portion, and possibly all, of their investment.

Fallback settlement – Cash settlement

However, if a fallback settlement event occurs in respect of the Notes (meaning, at a high level, it is not possible to obtain the relevant price via auction), the Notes shall be cash settled. The Notes will be redeemed on the cash settlement date (being three business days after the date on which the calculation agent determines the final price of a selected reference obligation of the Reference Entity). On the cash settlement date, a Noteholder will receive per Note an amount equal to such Note's pro rata share of the greater of (A) zero; and (B) the product of (1) the aggregate principal amount outstanding of the Notes; *multiplied by* (2) the sum of (i) the final price of the relevant reference obligation of the defaulted Reference Entity; and (ii) the “performance” of the worst performing Share in the basket in respect of the relevant final valuation date.

As with auction settlement, if the “performance” of the worst performing Share in respect of the relevant final valuation date is positive, this will be added to the final price of the relevant reference obligation. However, if the “performance” of the worst performing Share in respect of the relevant final valuation date is negative, this will be deducted from the final price of the relevant reference obligation meaning that the cash settlement amount received by Noteholders would be less than under a more conventional credit linked note.

If a credit event occurs in respect of any of the Reference Entities, no further interest amounts will be payable and the immediately preceding Interest Payment Date (if any) will be the final Interest Payment Date. No amount will be payable in respect of any accrued interest amount for the period between the final Interest Payment Date (if any) and the auction settlement date (or, if applicable, the cash settlement date).

Note that as the Notes are a “First-to-Default” product, the entire principal amount of the Notes is settled with reference to the value of the obligations of a single defaulted Reference Entity (generally the first Reference Entity in the basket to suffer a credit event) and the “performance” of the worst performing Share in relation to the relevant final valuation date and the Strike Date. The existence of multiple Reference Entities amplifies the risk of the Notes rather than diversifying it.

Redemption on the Maturity Date

On the day that is three business day following the Maturity Date, if no credit event has occurred in respect of any of the Reference Entities prior to the Maturity Date, a Noteholder will receive an amount per Note equal to the Specified Denomination (together with the interest amount (if any) payable in respect of the final Interest Period). In certain circumstances, where the Calculation Agent determines that a credit event may have occurred prior to the Maturity Date, the Maturity Date of the Notes may be extended and redemption delayed in order to verify whether a credit event has in fact occurred. Interest will accrue during any such extended period except where such extension has been triggered by a request to ISDA to determine whether a credit event has occurred.

Restrictions on free transferability of the securities:

The Notes will be freely transferable, subject to the offering and selling restrictions in the Russian Federation, the Republic of Cyprus and under the Prospectus Regulation and the laws of any jurisdiction in which the relevant Notes are offered or sold.

Where will the securities be traded?

The Notes have been admitted to the official list (the “**Official List**”) of Euronext Dublin and to trading on its regulated market (the “**Regulated Market of Euronext Dublin**”).

What are the key risks that are specific to the Notes?

In addition to the risks relating to the Issuer (including the default risk), there are certain factors which are material for the purposes of assessing the market risks associated with the Notes, including that (i) the Notes are unsecured obligations; (ii) the trading market for the Notes may be volatile and may be adversely impacted by many events; (iii) an active secondary market may never be established or may be illiquid and that this may adversely affect the value at which an investor may sell its Notes (investors may suffer a partial or total loss of the amount of their investment); (iv) Notes may be redeemed prior to maturity at the option of the Issuer which may limit their market value; (v) exposure to the underlying Reference Entities and/or Shares in many cases will be achieved by the Issuer entering into hedging arrangements and potential investors are exposed to the performance of these hedging arrangements and events that may affect the hedging arrangements and consequently the occurrence of any of these events may affect the value of the Notes; (vi) the occurrence of an additional disruption event or optional additional disruption event may lead to an adjustment to the Notes, or early redemption or may result in the amount payable on scheduled redemption being different from the amount expected to be paid at scheduled redemption and consequently the occurrence of an additional disruption event and/or optional additional disruption event may have an adverse effect on the value or liquidity of the Notes; (vii) the Notes may be redeemed or cancelled in the case of illegality or impracticability and such cancellation or redemption may result in an investor not realising a return on an investment in the Notes; (viii) investors are exposed to the underlyings, being the creditworthiness of more than one Reference Entity and the “performance” of the Shares in the basket (which constitutes a similar market risk to a direct equity investment).

Furthermore, as these a Credit and Share linked Notes, upon the occurrence of a credit event in respect of a relevant Reference Entity, the auction settlement amount or cash settlement amount (as applicable) under the Notes will be linked not only to the value of obligations of the defaulted Reference Entity but also to the “performance” of the worst performing Share, which may negatively affect the return to investors (and may be zero). Accordingly, even in the case of the positive “performance” of one or more of the other Shares in the basket, the negative “performance” of one Share could outweigh such positive “performance” and result in Noteholders receiving an auction settlement amount or cash settlement amount (as the case may be) under the Notes less than they would receive under a more conventional credit linked note. In certain circumstances, Noteholders may lose the entire value of their investment in the Notes.

KEY INFORMATION ON THE OFFER OF THE NOTES TO THE PUBLIC AND THE ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in this security?

The Notes are offered by way of private placement. This is not a public offer and the Issuer does not consent to the use of this Final Terms in connection with any public offer of the Notes.

The Issuer has appointed BrokerCreditService (Cyprus) Limited (the “**Dealer**”) as the Dealer for the Programme. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, the Dealer is set out in the Dealer Agreement between the Issuer and the Dealer. No expenses will be chargeable by the Issuer to an investor in connection with the issue of the Notes. Any expenses chargeable by the Dealer to an investor shall be changed in accordance with any relevant contractual arrangements between the Dealer and that investor.

Who is the offeror and/or the person asking for admission to trading?

BrokerCreditService (Cyprus) Limited (as the Dealer for the Programme). BrokerCreditService (Cyprus) Limited was incorporated in Cyprus on 7 December 2004, Registration Number HE 154856. Its registered office is at Spyrou Kyprianou & 1 Oktovriou, 1 VASHIOTIS KALANDE OFFICES, 2nd floor, Mesa Geitonia, 4004 Limassol, Cyprus.

Why is the prospectus being produced?

The use and estimated net amount of the proceeds:

The net proceeds from the issue of the Notes will be used for the general financing purposes of the Issuer.

Conflicts of interest:

Various entities within the Group (including the Issuer) and Affiliates may undertake different roles in connection with the Notes and may also engage in trading activities (including hedging activities) relating to the underlying Shares and other instruments or derivative products based on or relating to the underlying Shares which may give rise to potential conflicts of interest.

The Calculation Agent is an affiliate of the Issuer. The Calculation Agent has no obligation to act in the best interests of the Noteholders and therefore a conflict of interest may arise between the Calculation Agent and Noteholders.
